ENERGY STAR Appliance Incentive Program

Lincoln Electric Cooperative will credit your account when you purchase a qualifying ENERGY STAR clothes washer, freezer or refrigerator and install it in our service area. If you have questions about which models qualify, ask your retailer, call Lincoln Electric or visit www.energystar.gov for a complete list of qualifying models. Qualifying models are subject to change. To receive your bill credits simply follow these steps:

- Step 1:** Purchase a qualifying appliance and apply for the credit within six (6) months of purchase.
- Step 2:** Complete this incentive form and sign at the bottom to have the incentive credited to your account.
Don't forget to check what type of water heater you have.
- Step 3:** Provide a copy of your store receipt listing the manufacturer and model number of your appliance, and date of sale. *Incentive cannot be processed without this information.*

Please complete the following information for each appliance purchased:

Appliance	Manufacturer	Model #	Credit (varies with MEF)
Clothes Washer			\$30 w/electric water heater and front load Energy Star \$30 w/electric water heater and top load IMEF 2.38 minimum \$20 w/gas water heater IMEF 2.38 minimum
Freezer 7.75 Cf or greater			\$15
Refrigerator 7.75 Cf or greater			\$10

The ENERGY STAR criteria for clothes washers changed on January 1, 2011. The new ENERGY STAR criteria require all qualified products to have a Modified Energy Factor (MEF) of 2.0 or greater as well as a Water Factor (WF) of 6.0 or lower. Modified Energy Factor, MEF is the energy performance metric for ENERGY STAR qualified clothes washers.

You **MUST** check one of the boxes below

I use an electric water heater where this appliance is installed	<input type="checkbox"/>
I use a gas water heater where this appliance is installed	<input type="checkbox"/>
