

Lincoln Electric Cooperative, Inc.

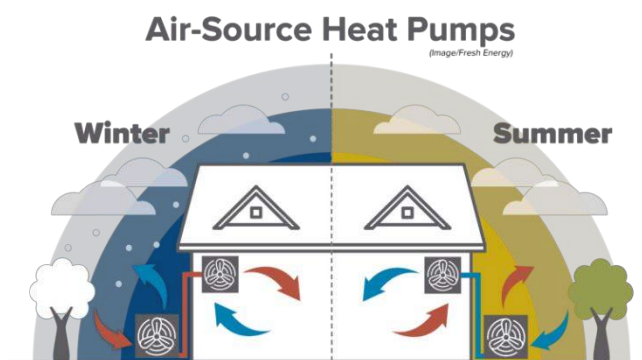

Air-Source or Variable Speed

Heat Pump Form

This rebate is available for residential members within Lincoln Electric Cooperative's service territory. Installations must comply with all applicable codes and regulations. The rebate is limited to one per household and will not exceed the total cost listed on the invoice.

DOCUMENTATION REQUIREMENTS

Use this checklist to help compile documents for submission. For all projects, provide a detailed invoice plus any project-specific back-up documentation listed below.

Equipment or contractor invoice showing	☐	Documentation of manufacturer and heat pump model number
	☐	Purchase or installation date
	☐	Installation cost
AHRI Certificate	☐	Demonstrating an HSPF2 that meets or exceeds federal minimum standards
For VSHP units	☐	If the unit has a variable-speed compressor, include manufacturer documentation that the outdoor compressor includes variable-speed or inverter driven technology (e.g. specification sheet, brochure, or screen shot). Note: including the text "variable speed" on the invoice will not satisfy this requirement. Additional documentation is required.

MEMBER - Information

Member/Homeowner Name		Account Number	
Email		Phone	
Site Address		City, State, Zip	
Mailing Address (if different)		City, State, Zip (if different)	
Hometype	☐ Existing Single-family ☐ New Single-family ☐ Mobile or Manufactured Home		
Existing Heating System Being Replaced	☐ Electric Forced Air Furnace ☐ Electric Zonal¹ ☐ Air-Source Heat Pump ☐ Ductless Heat Pump ☐ Ground Source Heat Pump ☐ Non-Electric Space Heating (wood/oil/propane/gas) ☐ None		

¹ Zonal heating includes electric, non-ducted: Ceiling cable, wall, baseboard, plug-in space heaters, and an electric boiler/water heater attached to a hydronic floor heating system.

Rebate offer(s) may be changed or discontinued at any time. All warranties are offered through manufacturer not the Lincoln Electric Co-Op, whether expressed or implied, regarding the product(s) listed above for any materials or labor associated with installation, maintenance, repair, or energy savings associated with use. **If the unit only has an HSPF and SEER value, please contact the utility for verification of eligibility.*

The undersigned Lincoln Electric Cooperative member requests and authorizes Lincoln Electric Cooperative to release billing and usage information for the account listed below to the Bonneville Power Administration (BPA) or its agent. With this authorization, BPA may request billing information for up to two years prior to installation and two years following installation.

The selection, purchase, and installation of the energy efficiency measures (EEM) are the sole responsibility of the Owner(s). The Owner(s) must rely on the Approved Installer regarding any representations or promises about the EEM, including materials, labor, cost, or potential energy savings. Lincoln Electric Cooperative's evaluation of the EEM is conducted only to determine eligibility for its rebate program.

All maintenance, repairs, or replacements of the EEM remain the sole responsibility and expense of the Owner(s). The Owner(s) further understands that Lincoln Electric Cooperative disclaims any and all implied or express warranties, including but not limited to warranties of merchantability or fitness for a particular purpose.
