

Application for Development Line Extension

Projects require a NON-REFUNDABLE engineering fee and field visit prior to preparing a binding project cost. The engineering fee is \$150 per lot, with a minimum of \$600 for developments less than five (5) lots. This fee is applied towards the cost of the project if completed within twenty-four (24) months of application per Lincoln Electric Cooperative Policy 302.

Development Line Extension Agreement

1. The undersigned (hereinafter called applicant) hereby applies for Development Line Extension with Lincoln Electric Cooperative, Inc. (hereinafter called Co-Op).
2. Applicant certifies they have legal authorization, or have been authorized by the legal landowner to act on their behalf, to submit for line extension.
3. Applicant understands this project will be bound and regulated by the Co-Op's Articles of Incorporation, current Line Extension Policy 302, By-Laws and any amendments thereto, and such policies, and regulations as may be adopted from time to time by the Co-Op and agrees to promote the best interest of the Co-Op.
4. Applicant understands that the binding project cost provided after the required field visit is valid for thirty (30) days. After thirty (30) days the project cost will be updated to reflect the current construction costs.
5. Applicant understands they are responsible for notifying the Co-Op of the project status, changes to electrical design, and ensuring the project is completed within twenty-four (24) months of application.
6. Applicant understands that they will be responsible for the additional Contribution-In-Aid-of-Construction (CIAC) costs due if the project cost changes.
7. Applicant understands that additional engineering fees may be required for changes.
8. Applicant understands if the project is not completed within twenty-four (24) months of application, the project will be closed. If there are any remaining Engineering Fees, these funds will be forfeited by the Applicant.

By signing this application, the applicant certifies that all information and any supporting documentation submitted are authentic and have not been altered, forged, or misrepresented.
